## **"Imported Cheese 101" Education Seminar Video Now Available**

Dear CIAA Members,

The Imported Cheese Board held its inaugural Educational Seminar on June 24th. The one-hour virtual seminar, "Imported Cheese 101" was designed to educate and inspire those without a broad knowledge of cheese. The seminar included an overview of the history and purpose of cheese making, milk composition and cheese production, along with a discussion on the PDO concept. The class was limited to 70 registrants and was highly received by those who participated.

In addition, the program featured four specific cheeses including Parmesan Reggiano, Brie, Gouda and Le Guyere. Participants had the opportunity to taste each cheese following the presentation.

We are excited to share the seminar recording with you on the "I Love Imported Cheese" website under "Cheese Chatter". You can view the video [here](#). And while you're there, we encourage you check out all the great content the ILIC site has to offer.

### **Future Seminar Plans:**

The Education Committee aims to hold a seminar on FSMA/FSVP this fall and plans to offer a second cheese course in 2022. We will continue to update the membership about our future seminar plans.
